

QT12

TRIPLA BL1

GENERAL INFO

DESIGNED FOR MAINS WATER

Quick-Twist Filter System with BL1 Mixer Tap

With its matt black finish and chrome highlights, the Tripla-BL1 is everything modern tapware should be: clean and classy. But its appeal is more than cosmetic. There's a lot of practicality working alongside those striking looks: plenty of clearance and height for filling bottles and jugs, and for washing up. Plus, a chrome lever on one side will give you filtered water, while the lever on the other side will dispense hot and cold tap water. The BL1, like all Puretec Tripla taps, does not mix filtered and unfiltered water.

The Puretec Quick-Twist filter is easy to install, either in a horizontal or vertical position. The system comes with all the required plumbing connections, and is specifically designed to work with Tripla tapware. This combination includes the QT series filter and the TRIPLA-BL1 mixer.

ADDITIONAL INFORMATION**Timeless Styling**

It's surprising how much difference the right tapware makes. It's not just a complementary addition, it's a genuine finishing touch. A subtle, yet unmistakable enhancement that draws together all the elements in your kitchen and entertaining areas, to create a graceful and cohesive living space.

Hygienic quick cartridge changes

The valve-in-head design shuts the water off automatically means no mess, the cartridge can be easily replaced – just like changing a light globe. Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.

Longer filter life

Using the latest carbon briquette technology that gives up to 12 months filter life. It incorporates Puretec's long life filter technology, so you can go longer between filter replacements.
